## WELCOME TO EUROTIPSHEET.

A warm welcome to all readers of this first issue of EUROTIPSHEET!!

And a special welcome for our correspondents. Your overwhelming positive reactions got us through the difficult "organising" stages. More than 200 major radio- and t.v. personalities reacted instantly on our initiative and you can find most of their reports already in this issue.

With the fast-moving new communication-systems such as satellite t.v. and radio: many new radiostations: computer-communications: video's etc EUROPE is fastly becoming a continent where borders disappear. Music from countries like Germany-Holland-Sweden-Italy and/or Spain are more and more breaking big all over the world. sometimes even in their own language...

EUROTIPSHEET will be a weekly music-news magazine from and for the major music-media people in Europe. Interest from industry people around the World and especially from the U.S.A. is already extremely encouraging. EUROTIPSHEET will contain a number of regular features:

**'THE MUSIC-TIPS FROM THE MAJOR RADIO AND T.V. PERSONALITIES FROM 17 COUNTRIES.**

**'THE EUROPEAN AIRPLAY TOP 60 BASED ON THESE MUSIC-TIPS.**

**'THE EUROPEAN TOP 100 SINGLES AND ALBUMS BASED ON SALES.**

**'EUROCLIPS - THE MUSIC-VIDEO'S MOST BROADCAST IN EUROPE THIS WEEK.**

**'NEWS FOR RADIO AND T.V. PROGRAMMERS.**

**'ARTISTS APPEARING IN EUROPE'S MOST IMPORTANT T.V. SHOWS THIS WEEK.**

**'REVIEWS ON NEW IMPORTANT RELEASES.**

### WHAT COULD EUROTIPSHEET MEAN TO YOU???

RADIO-PROGRAMMERS: You!... "our" correspondents send us your weekly tips by telephone, telex, mail or computer. It's therefore basically "YOUR" magazine.

You can read what your colleagues are going to play. You'll learn more about the way radio is made in other European countries. There will be regular spotlights on specific stations and their personalities. You can see which 'national' records are breaking through. It means a more direct way of picking up new sounds, instead of hearing it maybe once a year during holidays in a European sun-resort.

In the U.S.A. TIPSHEETS are already for many years a major source of information for active radio-programmers. Several of these American Tipsheets are also known throughout Europe like the BILL GAVIN report, the HARDSHEET RADIO & RECORDS and ROCKPOOL. We hope to play a similar important role on the European music-scene.

We believe we have contacted the 280 most important radio/t.v. people in Europe... and practically all have decided to participate. If you haven't received anything from us and would like to also become an active correspondent please contact us immediately.

And... before we forget: **ALL CORRESPONDENTS: PLEASE KEEP ON SENDING YOUR WEEKLY NEWS!!**

T.V. PRODUCERS: From our magazine you can see which records/artists are becoming major hits around Europe. The AIRPLAY TOP 60 gives a good indication on the upcoming hits. You can also read which artists appear in the television-shows of your colleagues. You can see which music-video's are aired the most in 17 countries combined.

You might be interested to know that a weekly television-show based on the EUROPEAN TOP 100 is in preparation and will be launched soon. This program is available for everybody that would want

to join and there is already major interest from many countries including the U.S.A. You'll learn more about how music-television is produced in other markets as there will be regular spotlights on the most important T.V. Stations and Personalities.

RECORD COMPANIES: You can now see how your records (and those of your competitors) are being played in all of the European Radio-cities and we plan to be very up-to-date. Information includes many 'records of the week' and 'additions to the playlists' on records to be featured in these radio-programs in the same week you receive EUROTIPSHEET. Your records will hopefully appear in the EUROPEAN TOP 100 which plans to be a very accurate and reliable EUROPEAN HITPARADE 'supervised' by an independent CHART COMMITTEE with experts from many industry-organisations (please read 'about the charts'). It will be easier to determine which records/samples to pick up from far away places and keep an eye on 'Local' repertoire. There are also weekly awards available for the nr. 1 singles and album artist of that week. Some of the major artists have received silver-gold-platinum record-awards and/or silver globes. You could now present them with awards for being nr. 1 in EUROPE.

Your national and international promotion-departments will learn about the way of programming of the important delays, so they'll know better what samples to submit for plays.

Over 1850 of the most important radio and television people in 17 countries will receive EUROTIPSHEET every week, so send us your news for the NEWS section; send us your new releases for the REVIEW section and if you want to advertise please ask for our rates.

MUSIC PUBLISHERS: You can now follow which of your songs are getting played on European Radio. You might also be able to pick up rights to original songs

from countries where you normally wouldn't get the information from. It might improve the knowledge of your people on which kind of songs are popular on a European basis.

**MUSIC-VIDEO-PRODUCERS:** In our regular contacts with many video-producers we always hear that they hardly ever know where their productions are being shown and what the broadcasting format is of the t.v. shows in the different countries. You can now learn both by reading EUROTIPSHEET.

**MANAGERS:** Follow your artist's international career on a week-to-week basis and understand more about the way promotion should be done in the sometimes "very different" markets of Europe.

## OUR FUTURE PLANS

In this first issue you can read our most important "regular" features. Please bear in mind that we haven't yet established the best communication-line with each correspondent, so that some are not yet in this issue, but they'll be in next time. We are planning a number of other improvements already. There will be special marks on the EUROPEAN TOP 100 (Singles/Albums) for sales of over 1, 2 and 3 million copies. We are planning regular "SPOTLIGHTS" on major t.v. and radiostations and their personalities. From time to time we'll be giving highlights of the AUSTRALIAN charts (thanks to Kent Report). There will be SPECIAL ARTICLES on the way radio is structured in the different European countries. And we will closely follow the development of National Governments Television and the growth of Cable and Satellite-programs. Our magazine is sent to you each Friday. You can get the EUROPEAN TOP 100 by telex on Thursdays. In a few weeks you'll be able to instantly read our highlights and charts per computer-mailbox via Telecom Gold.

EUROTIPSHEET is a young enthusiastic team of people and we are anxiously awaiting your ideas, criticism and support. We'll be publishing WEEKLY (50 issues per year) but you'll have to wait 2 weeks for the second issue in order for us to receive your subscriptions and reactions. And now... let the music play!..... Best regards,

Theo Roos - Publisher

## ABOUT THE CHARTS.....

### THE EUROPEAN TOP 100 (SINGLES/ALBUMS):

In many European countries one chart is recognised by the music industry as the "OFFICIAL" hit parade and is therefore used for the compilation of the EUROPEAN TOP 100. However there are other countries where various charts are in existence and often equally important. For these countries we have compiled a number of these charts into one representing the sales in that market. Each chart position for every country then receives, relevant to that position, an equal points rating which is in turn multiplied by a factor determined through the latest known sales percentage of total singles (or album) sales which that country holds in relation to the rest of Europe. There are different percentages for singles and albums. These figures are kindly provided on a regular basis by the industry-organisations such as IFPI - BPI - GALLUP - DEUTSCHE PHONOVERBAND etc.

**A EUROPEAN CHART-COMMITTEE, WITH EXPERTS FROM A NUMBER OF THESE INDUSTRY- ORGANISATIONS WILL OVERLOOK THE CALCULATION SYSTEM AND WILL DECIDE ON IMPROVEMENTS, CHANGES AND UPDATES.**

For the EUROPEAN TOP 100 SINGLES, 25 charts are used from 16 countries. For the EUROPEAN TOP 100 ALBUMS, 20 charts are used from 15 countries. Since the sales percentages of a few countries are too small to get their hits into the EUROPEAN TOP 100 (provided these records are not charted in any other territory), we are also printing a TOP 3 IN EUROPE list each week. Labels shown are the "original" labels as known by EUROTIPSHEET or the labels owning rights for Europe. Publishers shown are the "original" publishers as known by EUROTIPSHEET or the publishers owning rights for all of Europe.

In the near future there will also be special marks on both charts for sales of over 1, 2, or 3 million copies. Special Nr. 1 Awards are available for singles and albums reaching the nr. 1 position on the charts.

### THE EUROPEAN AIRPLAY TOP 60:

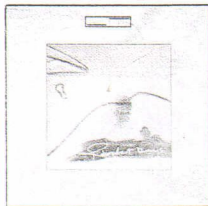

The EUROPEAN AIRPLAY TOP 60 is compiled through all our correspondents tips received this week. (\*)Records of the week receive extra points. The airplay lists of the airplay report organisations within some of the European countries are also used in the calculations, as well as playlists of the major radiostations. (\*\*)Please note that not all received tips appear in EUROTIPSHEET but they are all used for the calculation of the Airplay Top 60.

### THE EUROCLIPS LIST:

This shows the music-videos most aired on television throughout Europe in the week prior to publication. It includes video-t.v. programs and other t.v. shows partly using video's from 14 European countries.

For more detailed information on any of the chart-systems please contact the Chart department.

## NEW RELEASES

### MODERN ENGLISH - RICOCHET DAYS - 4AD

This third album produced by Hugh Jones deserves a lot of radio play. Album features pure well structured oodsonsongs with the guitars playing a dominant role. Group well known in the USA. Recommended tracks: Chapter 12, Machines, Hands across the sea.

### DIRE STRAITS - ALCHEMY - PHONOGRAM

The group's last album "Private Investigations" was a million seller. This one will not disappoint the fans. "Love over gold" and "Solid rock" have been released on a double-A-sided single. Album gives the typically warm and intimate atmosphere the group is known for.

ROGER DALTREY-PARTING SHOULD BE PAINLESS-WEA. The ex-Who singer is in the middle of doing an extensive promotional tour through Europe. Album is a typical sleeper which needs some extra plays. But once you get started... favourite tracks: Parting should be painless. Would a stranger do. Going strong and One day.

## TURNTABLE TIPS

**FOOTLOOSE-SOUNDTRACK-CBS.**

Several of the tracks are entering playlists in the European countries, like Bonnie Tyler, Shalamar and Kenny Loggins. Minor CBS campaign around the film premiere. Film tells about teenage rebellion in small town, but alicorn sounds 'BIG'.

**BILLY RANKIN-GROWIN' UP TOO**

**FAST-A&M.** Reactions in the US have been overwhelming on this debut album of the Nazareth guitarist. In Europe reactions are building, especially in Germany, Sweden and Belgium. An album full of melodic, sophisticated songs on which Billy plays a lot of instruments himself. Our priorities are: Baby come back (the single), Call me automatic, Rip it up.
